**FLIGHT'19**

**MARCH 1,2019**

**DAY 1 EVENTS:**

**AIR CRASH INVESTIGATION**

*“Mistakes are inevitable in aviation, especially when one is still learning new things. The trick is to not make the mistake that will kill you”.*

*- Stephen Coonts*

**Event description**

Every time a plane crashes, the world takes notice. And so do the experts whose job it is to figure out what happened.

The odds of a plane crash are 1 in 11 million ,but when something goes wrong, it can be catastrophic with potentially hundreds of lives at stake.From human errors and accidents to mechanical faults and design flaws, the success of aviation history is punctuated by disasters and catastrophe.

Air crash investigation looks at what went wrong and how future disasters can be averted.

**Event format**

Details of famous air crashes will be presented. The participants are expected to recall the historic significance of these crashes and also present novel solutions that could be used in the futuristic designs.

**Rules**

- Participants are required to produce college ID without fail.
- Maximum of three per team (Individual participation is allowed)
- Judges decision will be final.
