MAY 13, 14

FIFA TOURNAMENT

Event description

The perfect stop to prove that you are a true gamer. FIFA players present in our MIT campus as well as around the city are invited here to have a top-notch gaming experience and climb your way to the top of the tournament to claim your REWARDS!

The event consists of two games modes: a) Tournament b) Legendary mode.

- a) Tournament mode is pretty simple. Fixtures would be put together according to the number of participants registered in a bracket. Each of them would be playing head to head in a CLASSIC game mode to finalize the winner. After that, they progress through the bracket to challenge the other winners to reach the final. The winner of the final is the winner of the tournament and indeed sufficiently rewarded. Entry fee is compulsory and there is also a chance to re-entry into the tournament.
- b) Legendary mode is for the professional gamers out there. You are set to challenge the computer in a CLASSIC game mode in LEGENDARY difficulty. If you set foot out of the match as a winner, the reward that you get would be double the registration fee that you would be paying.

Registration should be done beforehand through a spreadsheet for the tournament game mode and the link is given below. It could also be done on the day of event for the legendary game mode event.

Eat, Sleep, Game, Repeat...

Registration link for Tournament:
