

**MADRAS INSTITUTE OF TECHNOLOGY
ASSOCIATION OF AERONAUTICAL ENGINEERS**

TITLE EVENT-PILOT & CO-PILOT

Event description

“Never quit. Never give up. Fly it to the end.”

-Chuck Aaron

Here is the actual game begins with your technical and non-technical perspectives of everything; overall this event gives you a rollercoaster experience. Witness the real challenge.

Event format

There will be three rounds. You are alone; it's not a team event.

Round 1: Come let's be curious

Eligibility: All are welcome

Rules:

1. There are 21 questions in this round.
2. You will be given 10 math puzzles and 10 crosswords and you will be asked to solve in 30 mins.
3. Words will be related to engineering, beware.
4. Exception: There will be one wild card question if you answer it, you go to the finals directly!!!

To win:

1. People with the greatest number of right answers get into the round 2.
2. If tied maths puzzle is the tie breaker.

Round 2: show it to me

Eligibility: Top 10 from the first round are allowed.

Rules:

1. We will give you a phenomenon (Basic Physics – Mechanics, fluid dynamics etc.).
2. There will be a table in front of you with some items (Ex. Rubber, twig, chalk, anything)

3. Demonstrate that topic with those things and you have the key to the next round. Winning

Criteria:

1. Shortest time, shortest answer gets the highest points.
2. The clearer you are the more you score (I am a child who doesn't know physics).

Round 3: Mystery Legends

Eligibility: Top 5 from the previous round and wild cards (if any) Clue: Be curious

Rules:

1. Only eligible people will attend this round.
2. You will be put in a room, you require a word to be written on the paper to win!
3. If you write any other thing, other than that word – you lose.
4. If you spoil the paper – you lose.
